Team SlugTrail

May 16, 2017

Actions to Stop Doing:

The team is completely satisfied with our current progress because we have consistently completed all tasks and worked together well as a team.

Actions to Start Doing:

The team should start putting code onto github into a folder rather than a branch.

Actions to Keep Doing:

The team should keep meeting every Tuesday and Thursday from 5-7 pm since we get a lot of work done together.

Work Completed:

User Story 1: (13 story points) As a developer, I want to create a classroom page for each college/department so that students can specify where they are going.

User Story 2: (8 story points) As a developer, I want to plan routes for Oakes college and take pictures of the campus so that students can have a visual for the directions.

User Story 3: (8 story points) As a developer, I want to create directions and upload pictures so that students can find their classrooms.

Work Not Completed:

We completed all user stories for this sprint.

Work Completion Rate:

We completed all three user stories, and completed .21 user stories per day.

The total number of estimated ideal work hours completed was 24 hours.

There were 14 days in Sprint 2, so the ideal work hours per day was about 1.7 hours.

The average user stories per day across all sprints is .21 user stories.

The average ideal work hours per day across all sprints is 1.68 hours.
