**Goal:**

Create working pages for each classroom in Oakes and Kresge with images and directions.

**User Stories:**

User Story 1: (13 story points) As a developer, I want to create a classroom page for each college/department so that students can specify where they are going.

Task 1: make a menu selection/search bar for classroom ranges (2 hours)

Task 2: link to either a new page or update current page with new set of images (4 hours)

Total for user story 1: (6 hours)

User Story 2: (8 story points) As a developer, I want to plan routes for Oakes college and take pictures of the campus so that students can have a visual for the directions.

Task 1: map shortest paths to each classroom in Oakes (4 hours)

Task 2: take pictures of routes (1 hour)

Task 3: mark images with arrows and highlight routes on UCSC's existing maps (3 hours)

Total for user story 2: (8 hours)

User Story 3: (8 story points) As a developer, I want to create directions and upload pictures so that students can find their classrooms.

Task 1: create descriptions to accompany each image (5 hours)

Task 2: upload and organize images on classroom page according to specified classroom range. (5 hours)

Total for user story 3: (10 hours)

Total for Sprint 1: 24 hours
